Why do You Need Research Coverage?

Is This True for You?

You believe your shares are undervalued because of various types of market failure.

You believe that the assets you have are competitive and need to be better supported and understood by a wider investor audience to achieve fair value.

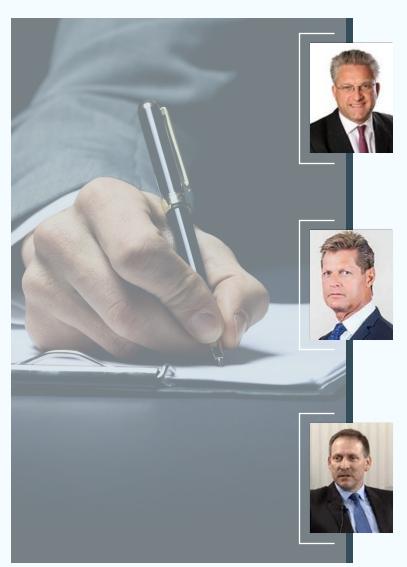

Your management
team wants
transformation and
recognises that not
taking action will lead
to failure.

Testimonials

"We needed the investment research to be independent and credible and it needed to be written in a way that was suitable for the range of investor audiences we had in mind and this is what ACF Equity Research delivered for us."

Bio: Ralph Browning is Co-founder & Director of Oxilio, a pioneering pharmaceutical company. He has a background in portfolio management.

"ACF Equity Research helped us establish market credibility. The value created by ACF Equity Research exceeded my expectations. I got value from the time I spent with ACF Equity Research, very much, a 100%."

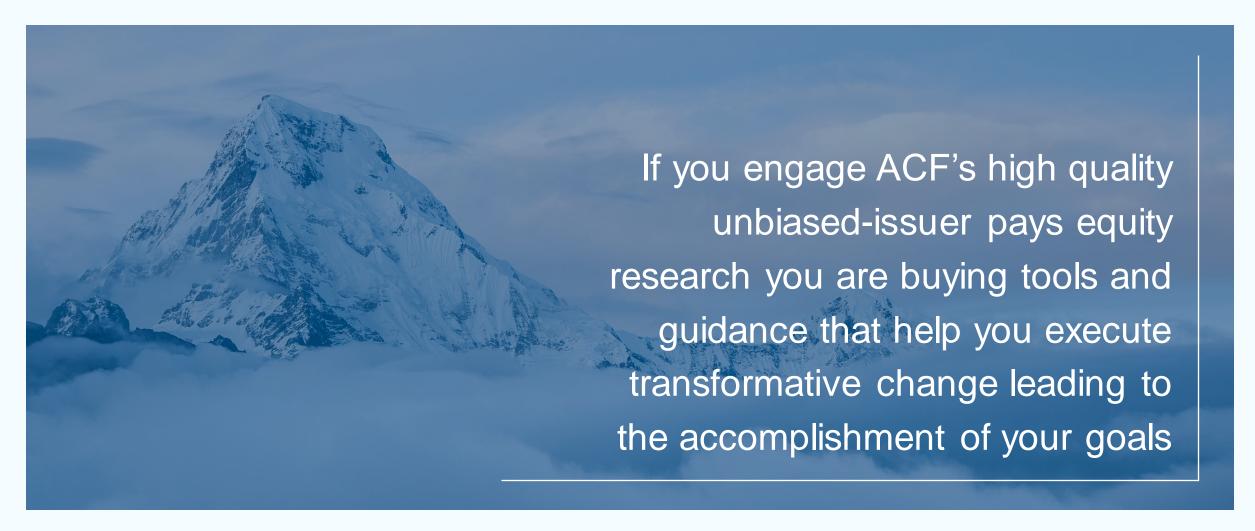

Bio: George Bennett is CEO of Rainbow Rare Earths (RBW.L) listed on the LSE Main Market. He was an investment banker and broker for 16 years with HSBC and as a partner at top ranked South African broking firms, Simpson McKie and Fergusson Bros.

"Investment Research is a strategic engagement for a company, it is not just an event or tactical action, it is a process. ACF Equity Research thinks of research in the same way, which contributes to setting its products and services apart from others."

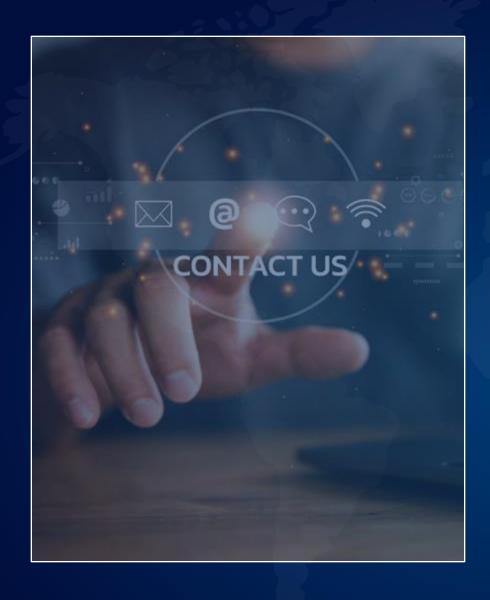

Bio: Louis Coetzee is CEO of dual listed Kibo Energy (AlM:KIBO). Executive Chairman at Katoro Gold PLC (AlM: KAT) and Non-Executive Chairman of MAST Energy (AlM:MAST).
